ReadSpeaker
pioneering voice technology

Online Reading

Looking to make your content accessible and engaging?
STATE-OF-THE-ART TEXT-TO-SPEECH SOLUTIONS, MAKING ONLINE CONTENT APPEALING AND AVAILABLE TO AS MANY READERS AS POSSIBLE
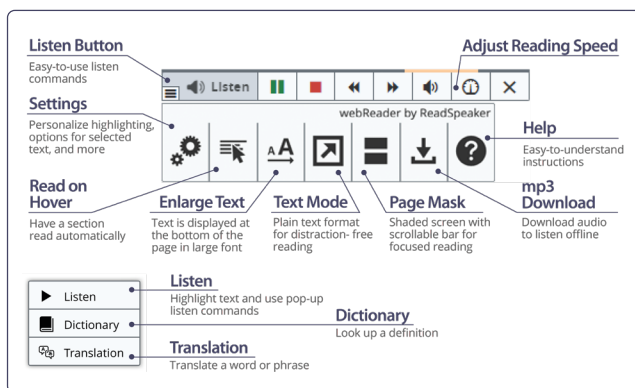

EXTEND THE REACH OF ONLINE CONTENT by allowing users to LISTEN as they follow along with the highlighted text.

Ensuring that content supports all reading styles and is accessible for ALL users, as well as engaging, is essential in today's online environment.

But how can your organization leverage text-to-speech technology easily and cost-effectively?

ReadSpeaker Technology extends the reach of online content by instantly creating an audio version. Our cloud-based solutions are customizable and easy to integrate, giving users easy online access, anytime, anywhere, and on any device. And our expert customer support team will make the process effortless.

Make your business or organization more competitive, while helping to address legal requirements and assisting ALL types of readers to engage with your content.

✔ **50+ Languages, 200+ High-Quality, Natural Sounding Voices**

✔ **Easy to Use**

✔ **Accessibility**

✔ **User Engagement**

✔ **Meets WCAG AA Requirements**

" The ReadSpeaker® software is ideal for online visitors with reading challenges such as dyslexia or anyone who prefers to have information read aloud. Readspeaker also makes our website more accessible to a larger audience, some of whom may not have any other source for online health information."

Neil Izenberg, MD, founder and editor-in-chief, www.kidshealth.org

With our easy integration it takes most of our clients just a SHORT TIME TO IMPLEMENT.

Our EXCELLENT CUSTOMER SUPPORT is here if you need any additional help.
